Jeremy Martin

CAREER OBJECTIVE

Third year Computer Science student at the University of Florida. Currently, I am seeking an internship position which requires use of my front- and back-end development skills and encourages further personal and professional growth.

EDUCATION

Herbert Wertheim College of Engineering at the University of Florida
Gainesville, Florida | August 2020 – May 2024

- *B.S. in Computer Science*
- **Relevant Completed Coursework**:

  - Programming Fundamentals 1 and 2
  - Introduction to Computer Organization
  - Engineering Statistics
  - Professional Ethics
  - Calculus 1, 2, and 3
  - Applications of Discrete Structures
  - Data Structures and Algorithm
  - Physics 1 and 2
  - Programming Language Concepts

RELEVANT SKILLS

- Java
- C++
- Python
- JavaScript
- ARM Assembly
- HTML/CSS
- Swift
- In the process of building my own programming language on top of Java
- Demonstrating proficient understanding of the three main operating systems: OSX, Linux, and Windows
- Wrote a python script which assisted in creating unit tests for a *Programming Fundamentals* course assignment
- Evaluating errors and implementing fixes in physical hardware
- Built an AVL Tree
- Aptitude to pick up documentation and jump into a codebase

TRAITS

- Adaptable
- Consistent
- Collaborative
- Ethical
- Enthusiastic
- Quick learner
- Problem solver
- Reliable
- Trouble-shooter

PREVIOUS WORK

Anokijig | Senior Staff Member
2016 - 2020 | Plymouth, WI

Over the course of three summers, I acquired over 900 volunteer hours.

In this position, I had the opportunity to oversee over 15 staff members, to ensure delivery of a positive environment for the 700 campers.

As a lifeguard in a high-risk environment, I required responsibility and attentiveness. As a leader, I sought to enhance employee wellness, comfortability, and productivity.
